

YGH-60D/3-P

CE

ERP RoHS

Product Features

- Big Capacity Industrial Dehumidifier.
- Solid Metal Housing Panel.
- Dehumidify Capacity 60L Per Day.
- With Water Pump to Drain from Low Place to High Place.
- With Water tank of 7L water capacity.
- With Electronic LED Display.
- With New Refrigerant R 290 F-Gas Quota Free.
- With Timer Function.
- Auto Defrosting, Compresso Stop, Only Fan Works.
- Optional Solenoid Valve Defrost Function with Up Cost.
- With Wheels for Easy Moving.
- Maximum Application Area 110 m².
- With Wifi Function Optional.

Product Technical Specification

Model	YGH-60D/3-P
Dehumidifying capacity(L/Day)	60 L (30°C, RH 80%)
Power Supply(V~,Hz)	220-240V/50Hz
Rated Power Input (W)	700W
Rated Power Input (A)	3.1A
Refrigerant	R290 (150 g)
Water Tank capacity	7L
Operating Temperature	5-32 °C
Display mode	LED(touch key)
Noise Level(dB(A))	48
Air Flow(m³/h)	450
Application Area(m²)	45~110
Qty Per 20'/40'/40'HQ (pcs)	151 / 307 / 312
Body size(mm)	520 x 470 x 860
Package size(mm)	580 x 460 x 750
Net Weight/Gross Weight(kg)	33/35
Power Cord Length (m)	1.8
