CERAMIC FAN HEATER
BH-20R2 CLIMATECH

Fast PTC heat.
Compact. Adjustable. Direct.

The CLIMATECH BH-20R2 ceramic fan heater provides rapid supplementary heat in well-insulated indoor rooms. Two heat settings, a separate fan function and an adjustable thermostat allow operation to suit individual needs. The PTC ceramic heating element and self-resetting thermal protection support reliable operation. The adjustable support frame directs the airflow precisely.

TECHNICAL DATA

Model	**BH-20R2**
Product type	**Ceramic fan heater**
Rated voltage	**220-240 V~ / 50 Hz**
Max. heating output	**2000 W**
Operating settings	**25 / 1000 / 2000 W**
Heat settings	**1000 W / 2000 W**
Fan function	**selectable separately**
Temperature control	**Thermostat**
Overheating protection	**self-resetting**
Protection class	**Class I**
Degree of protection	**IPX0**

MODEL	**BH-20R2**
ARTICLE NUMBER	**8031**
EAN	**7611009000828**

2 kW PTC CERAMIC OUTPUT
for workshop, warehouse and hobby room

Adjustable support frame

PTC ceramic element

Controls with thermostat

IDEAL FOR

WORKSHOP · **WAREHOUSE** · **HOBBY ROOM** · **GARAGE**

FAST PTC HEAT
2 kW supplementary heat instantly available.

SIMPLE CONTROL
Fan, two heat settings and thermostat.

SAFE OPERATION
Class I and automatic thermal protection.

CONFORMITY
LVD 2014/35/EU · EMC 2014/30/EU
RoHS 2011/65/EU · REACH (EC) 1907/2006
Ecodesign 2009/125/EC · (EU) 2015/1188

IMPORTANT INFORMATION
Use only in dry indoor areas. Protect from moisture.
For well-insulated rooms or occasional use only. Do not cover.
Before switching off, cool down for 2 min. in fan mode.
