FAN HEATER

BH-50A CLIMATECH

Powerful supplemental heat. 400 V. Mobile. Direct.

The CLIMATECH BH-50A fan heater provides powerful supplemental heat in well-insulated indoor spaces. Two heat settings, a separate fan-only mode and the adjustable thermostat allow operation to suit current needs. The 400 V CEE connection provides the required industrial power supply. The integrated carrying handle makes the unit easy to reposition.

TECHNICAL DATA

Model	**BH-50A**
Product type	**Electric fan heater**
Rated voltage	**380-400 V~ / 50 Hz**
Max. heat output	**5000 W**
Operating settings	**30 / 2500 / 5000 W**
Power connection	**400 V CEE plug**
Temperature control	**Thermostat**
Overheat protection	**self-resetting**
Protection class	**Class I**
Ingress protection	**IP24**
Colour	**Orange / Black**

MODEL	**BH-50A**
ITEM NUMBER	**24000**
EAN	**7611009240002**

5 kW HEAT OUTPUT
for workshop, storage and hobby room

Robust metal housing

Direct front heat

400 V CEE plug

IDEAL FOR

WORKSHOP

STORAGE

HOBBY ROOM

GREENHOUSE

~
FAST HEAT
5 kW supplemental heat available immediately.

o
SIMPLE CONTROL
Fan mode, two heat settings and thermostat.

+
SAFE OPERATION
IP24 rating and thermal cut-out.

COMPLIANCE

LVD 2014/35/EU · EMC 2014/30/EU
RoHS 2011/65/EU · REACH (EC) 1907/2006
Ecodesign 2009/125/EC · (EU) 2024/1103 · (EU) 2015/1188

IMPORTANT INFORMATION

Connect only to a suitable 400 V CEE socket.
For well-insulated rooms or occasional use only. Do not cover.
Before switching off, cool for 2 min. in fan mode.
